

# Koala Sightings

Bangalow Koalas are mapping sightings of our koala population in the Byron Shire and would love your help. If you see (or hear) one please can you make a note of it and send any information to Linda at Bangalow Koalas, this will also help us know how the little fellas are doing. The information we would like to know is:

- **Where and when** – Seen or heard (if heard then general location is fine). Date and time.
- **General observations** – Was it healthy or sick looking? Was it tagged (left ear – male, right ear – female)? Was it a male or female (if known) ***if female does she have pouch or back/tummy young, or is joey present nearby?***

**Please send your information and any photos to:**
